

Mastering Metrics is a module that sits within the suite of Level 6 modules. Successful completion of this module will provide you with an award. You can also combine this with other Level 6 mandatory and elective modules to achieve the CIM Diploma in Professional Marketing.

Our qualification and award pathways have been structured to reflect the need for a flexible and bite-size approach for today's professional marketer.

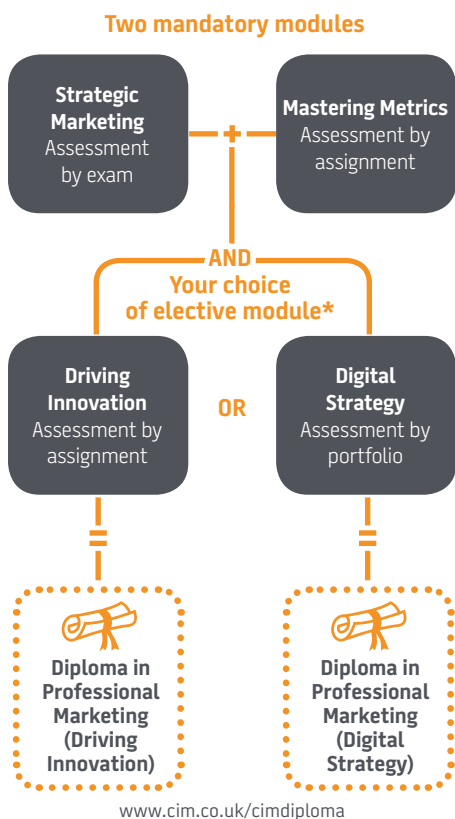

Bite-size awards

Each module can be achieved as a distinct, self-contained award which can be built up to attain the full diploma.

Full qualification

To achieve the professional qualification, a pass in **BOTH** mandatory modules **PLUS** one elective module is required.

* Currently there are two elective modules available. This will be continually reviewed.

Digital marketing has evolved from a set of tactical actions into a significant element of strategy. This module provides insight and in-depth consideration into how organisations can implement digital marketing capabilities into strategic marketing planning.

Aims of the Module

This module outlines how understanding and analysing the macro- and micro-environments can enable organisations to assess the impact of the disruptive digital landscape in delivering objectives, to develop strategic recommendations; and how creating digital marketing mixes can enable organisations to respond with agility to market needs. It examines how the management of digital channels and the application of key digital measures help to achieve business objectives.

Module structure

Three units with two learning outcomes each. Each learning outcome will be covered by the related assessment criteria (weighting indicated in brackets).

By the end of this module you should be able to:

Unit 1: Digital disruption

- Understand the strategic implications of the disruptive digital environment (10%).
- Generate relevant insights into key emerging themes within the digital marketing environment (20%).

Unit 2: Digital planning

- Develop strategic recommendations in order to acquire, convert and retain customers (20%).
- Deliver an agile response to changing customer behaviours (20%).

Unit 3: Delivering success

- Manage and optimise key channels and content within a digitally enhanced strategic plan (20%).
- Apply key digital measures to analyse social, sentiment, search and site behaviour (10%).

Assessment: Portfolio

A work-based portfolio which is broken down into three tasks – research, plan and report.

Our assessments comply with regulatory requirements, are fit for purpose, fair, valid, reliable and manageable to ensure confidence in the standard of learner achievement.

Who is it for?

This module is aimed at marketers working in an operational, supervisory or management role and who want to develop their marketing knowledge and skills across a range of areas.

It is suitable for department managers, functional managers, product/brand managers, account managers, marketing executives and business development managers.

Entry requirements

One or more of the following is required to gain entry onto this module:

- Professional Certificate in Marketing or Certificate in Professional Marketing.
- Any relevant Level 4 qualification.
- Foundation Degree in Business with Marketing.
- Bachelor's or Master's degree from a recognised university, with at least one third of credits coming from marketing content (ie 120 credits in Bachelor's degrees or 60 credits in Master's degrees).
- Professional practice (suggested two years marketing in an operational role) plus diagnostic assessment onto Level 6.
