# Module Specification:

CIM Level 4 Award in Customer Insights (VRQ)

Customer Insights is a 17-credit mandatory module which sits within the suite of Level 4 modules.

To gain the CIM Level 4 Certificate in Professional Marketing, a pass in both mandatory modules plus the elective module is required.

If studied as a standalone module, an individual award can be achieved.

Aim of the module

Customer loyalty, the customer/user experience and customer insight are the core of achieving optimum satisfaction and retention. This module gives you an understanding of the contemporary customer's complex needs and wants, their behaviour as consumers and how this sets their expectations. You will learn how to gain the insight required to understand those needs and map the journey to ultimately improve their experience.

Module structure

The module comprises three units of two learning outcomes each. Each learning outcome will be covered by the related assessment criteria and will be assessed by way of assignment. The assessment will require submission of an assignment based on a theme and an organisation of choice.

The learning outcomes and assessment criteria, along with the indicative content, are detailed in the Customer Insights module content which follows.
